

Empowering Mediterranean regulators for a common energy future.

Junior Energy Expert profile

MED19-1PR-5B

MEDREG is co-funded by the European Union

MEDREG is the independent organisation association for regional cooperation amongst gathering 27 energy regulators from the 23 Mediterranean countries: Albania, Algeria, Bosnia and Herzegovina, Croatia, Cyprus, Egypt, France, Greece, Israel, Italy, Jordan, Lebanon, Libya, Malta, Mauritania, Montenegro, Morocco, Palestine, Portugal, Slovenia, Spain, Tunisia and, Turkey.

The overall objective of MEDREG is to contribute to the progressive establishment of an integrated Euro-Mediterranean energy market. MEDREG's specific work towards meeting its general objective involves: (a) the development of proposals, tools, regulatory standards and good practices that can lead to more efficient and compatible regulatory frameworks to enhance the development of efficient national energy systems and to facilitate the gradual integration of energy systems (including cross-border systems) in the region; and (b) the establishment of a closer relationship amongst regulators in the region with the aim to enhance their cooperation.

Such ambitious goals are carried out via intense institutional and capacity building programmes which are the pillars of MEDREG's work and also through MEDREG's Working Groups comprised of representatives of its Members. Currently, MEDREG has five Working Groups (Institutional; Electricity; Gas; Environment, Renewable Energy Sources and Energy Efficiency; Consumers). MEDREG promotes a permanent exchange of know-how, data collection and dissemination of expertise through comprehensive studies, recommendations, reports and specialised training sessions.

MEDREG's strategy and activities are supported by its Milan-based Secretariat. The Secretariat provides continuous support to the President, Vice-Presidents, MEDREG members, Working Groups (WGs) towards the implementation the Association's Action Plan. The Secretariat supervises and contributes to the preparation of studies and recommendations developed by the MEDREG WGs, and supports the drafting of the Association's strategic documents. The Secretariat also ensures the overall coherence of MEDREG messages through the drafting of speeches, presentations and statements delivered by Members on behalf of MEDREG.

The Secretariat is currently composed of 8 people. To accommodate the increased activities of MEDREG in the forthcoming two-year period 2018-2019, the Secretariat and will grow to include 10 people. The Secretariat is now looking for a Junior Energy Expert to support the organisation and development of MEDREG's Working Groups.

OPEN POSITION: Junior Energy Expert

PLACE: Milan, Italy

STARTING DATE: February 2019

CONTRACT: 12 Months, with long term perspective

JOB DESCRIPTION

The successful candidate will work at the Regulatory Affairs Unit and will be entrusted with the following responsibilities:

- Support in the organization of Working Groups (WGs) meetings, including the identification of topics and stakeholders whose participation may be required;
- Support in following up the work of WGs towards the implementation of MEDREG's Action Plan;
- Support in the finalization of WGs minutes and conclusions;
- Support the collection and systematization of MEDREG's questionnaires and benchmarking exercises.
- Support the follow up procedure with Members and assist in the processing of responses;
- Liaise with prospective speakers and participants in MEDREG WGs and other institutional activities to facilitate their participation;
- Provide technical assistance to MEDREG's Members and Senior Secretariat staff when representing MEDREG at external events;
- Assist in the drafting of documents pertaining to the MEDREG financing contract with the European Commission;
- Proactively follow and report on developments in Euro-Mediterranean energy policy and regulation (particularly for gas and electricity sectors);
